

**The Thai Society of Hematology
and
MSD (Thailand) Ltd.**

Cordially invite you to attend the luncheon symposium

**“Challenge of Invasive Fungal Infection in
Chemotherapy Induced Prolonged Neutropenia**

Prof.Monica Slavin

Peter MacCallum Cancer Institute
University of Melbourne
Australia

Moderator

**Assist.Prof.Udomsak Bunworasate
Chulalongkorn University**

**Centara Grand & Bangkok Convention Centre
Central World**

**Saturday, May 5, 2012
12.30 -13.30**

GVHD Symposium: State of the art

Prof. Monica Slavin

Expert in the field of infection in hematologic malignancy

Publications in 2009

Journal Articles

- Surgical Management of Invasive Pulmonary Fungal Infection in Hematology Patients

Publications in 2008

Journal Articles

- Antifungal prophylaxis in adult stem cell transplantation and haematological malignancy.
- Introduction to the updated Australian and New Zealand consensus guidelines for the use of antifungal agents in the haematology/oncology setting
- Surveillance for catheter-associated bloodstream infection in Hematology Units: Quantifying the characteristics of a practical case definition
- Surveillance of Central Venous Catheter-Associated Bloodstream Infection in a Scottish Hematology Unit Reply

Publications in 2007

Journal Articles

- *Mycobacterium tuberculosis* infection in patients with cancer, the role of 18-fluorodeoxyglucose positron emission tomography for diagnosis and monitoring treatment response
- A randomized comparison of empiric or pre-emptive antibiotic therapy after hematopoietic stem cell transplantation.
- Bloodstream infections in a secondary and tertiary care hospital setting
- Breakthrough *Scedosporium prolificans* infection while receiving voriconazole prophylaxis in an
- Caspofungin as salvage monotherapy for invasive aspergillosis in patients with haematological malignancies or following allogeneic stem cell transplantation: efficacy and concomitant cyclosporin A
- Catheter-related bloodstream infections in hematology
- Vancomycin-resistant *Enterococcus faecium* infection in patients with hematologic malignancy: patients with acute myeloid leukemia are at high-risk

Publications in 2006

Journal Articles

- Miliary tuberculosis in a Caucasian male transplant recipient and the role of intravenous immunoglobulin as an immunosuppressive sparing agent
- Spectrum of infection, risk and recommendations for prophylaxis and screening among patients with lymphoproliferative disorders treated with alemtuzumab

Publications in 2005

Journal Articles

- An analysis of the utilisation of chemoprophylaxis against *Pneumocystis jirovecii* pneumonia in patients with malignancy receiving corticosteroid therapy at a cancer hospital
- Cytomegalovirus DNAemia and disease: incidence, natural history and management in settings other than allogeneic stem cell transplantation.

Publications in 2004

Journal Articles

- A pilot study of targeted itraconazole prophylaxis in patients with graft-versus-host disease at high risk of invasive mould infections following allogeneic stem cell transplantation
- Guidelines for the use of antifungal agents in the treatment of invasive *Candida* and mould infections
- Risk factors for post-engraftment invasive aspergillosis in allogeneic stem cell transplantation

Publications in 2003

Journal Articles

- Esophageal perforation secondary to angio-invasive *Candida glabrata* following hemopoietic stem cell transplantation
- *Legionella pneumophila* mip gene sequencing to investigate a cluster of pneumonia cases
- Successful control of disseminated *Scedosporium prolificans* infection with a combination of voriconazole and terbinafine

Publications in 2002

Journal Articles

- Severe respiratory syncytial virus pneumonia complicating fludarabine and cyclophosphamide treatment of chronic lymphocytic leukemia
- Successful allogeneic stem cell transplant after invasive pulmonary zygomycosis
